## New Coordinated Assessment and Placement System (CAPS) is Now Live. Webinar Provides Overview of Changes

The HRA PACT system has been redesigned to better incorporate the HUD requirements for Coordinated Entry. In case you missed it, please view the recorded webinar presented by HRA and the CoC CAPS leadership on 6/30/20 to give an overview of the new Coordinated Assessment and Placement System (CAPS). CAPS has many new functions for housing providers to receive electronic referrals for vacant units, for referring agencies to submit more complete supportive housing applications, and much more. HRA would like providers to see all the great enhancements to the system. Below is the link to the NYC CoC CAPS page for details to view the recorded webinar and/or review the presentation.

<https://www1.nyc.gov/site/nycccoc/caps/caps.page>

Training guides for all modules will be in the new system under Information/Training as well as posted to the NYC CoC CAPS page at the link above.

If you have any questions around the new system you can contact HRA user support at [hrcassupport@hra.nyc.gov](mailto:hrcassupport@hra.nyc.gov).

In case you experience issues logging into CAPS, please contact HRA Security Administration by emailing [MISSECURITYADMIN@dss.nyc.gov](mailto:MISSECURITYADMIN@dss.nyc.gov).
