

Building Brighter Futures

Every day CUCS staff work to build brighter futures for New Yorkers experiencing homelessness. This spring, team members from Janian Health Care, our signature healthcare program, attended and participated in panels at two conferences, sharing information about our innovative programs and working to impact policy in NYC and beyond.

Congratulations, Dr. Van Yu!

This May, CUCS's Chief Medical Officer, Dr. Van Yu, was elected Secretary for the National Health Care for the Homeless Council at their Policy Symposium in Seattle. This three-day event was presented by the [National Health Care for the Homeless Council](#) with grant support from the Health Resources and Services Administration (HRSA) of the U.S. Department of Health and Human Services.

Dr. Yu's election helps to ensure CUCS and all of our partner organizations will be able to continue collaborating to build brighter futures for people experiencing homelessness throughout the United States.
